

Poll Watcher Recruitment Toolkit

Public Service Commission Special Primary + Special Primary Runoff Elections

Overview

This is an incredibly important election for Georgia. We need problem solvers to protect voters across the state and ensure every eligible voter can cast their ballot.

- **Early Vote Poll Watchers** help monitor how polling places function in the run-up to Election Day. They help us identify recurring issues and barriers to voting by documenting issues, solving problems, and answering questions. All of this information helps guide our approach and ensures that there are fewer issues on the last day of voting, Election Day.
 - We are recruiting poll watchers for only the following days during Early Vote: Tuesday - May 27, Wednesday - May 28, Saturday - June 7 and Friday - June 13
- **Election Day Poll Watchers** help monitor how polling places function on Election Day. They document issues, solve problems, and answer questions as they arise in polling locations.
 - We are recruiting poll watchers for both the Primary Election Day and the Primary Runoff Election Day (if needed): Tuesday - June 17 and Tuesday - July 15

We NEED Poll Watchers. Now, more than ever, it's important to ensure that all eligible voters can cast their ballots.

This year, I am working with the Voter Protection Team at the Democratic Party of Georgia to fight for democracy. One of our greatest needs is for Poll Watchers for the Public Service Commission Special Primary Election. These volunteers serve as our eyes and ears on the ground during Early Vote and Election Day, helping ensure that no eligible Georgia voters are denied the right to vote.

Poll Watching volunteers observe in-person voting at polling locations. They are a critical resource serving as our eyes and ears at the polls, and they are the first line of defense against the many issues that can disrupt voting and disenfranchise voters.

To be a Poll Watcher, you must complete a training which will be provided live over Zoom and on demand. Trainings, which will be available starting May 5, 2025, will be emailed to you after you sign up.

Once you have completed your training, you will be assigned a poll watching shift.
